

2011 Letterpress Printing

Our letterpress invitations are second to none. We work with a family-owned printshop who have been honing their craft since the 1940's. The shop uses environmentally friendly paper and inks. Their work is exceptional and the results are stunning.

Want something square or larger? Contact us and we will accommodate. Not sure that your budget allows for letterpress? That's OK! We offer less expensive digital printing as well.

All prices quoted include design fees. Letterpress packages include return address printing on the envelopes.

In addition to our wonderful and affordable creative custom wedding invites we also offer the following design service items:

Save the Dates

Wedding and Party related cards:

RSVP, Reception, Table, Escort,

Menu, Welcome and Maps

Logo design (corporate and personal)

Stamp design for adorning your own invites

These items are by no means a complete list of offerings. If you dream of or want something not mentioned above, we can in most situations, come up with a solution.

Prices are subject to change.
